Professional Experiences

Memberships:

- Western Economic Association International
- Australian Agricultural and Resource Economics Society
- Association for Chinese Economic Studies (Australia)
- Economic Development Association

Consultant for ActionAid

As an international expert, I drafted a medium-term work-plan for ActionAid (an international NGO of UK headquartered in South Africa), focusing on rural development and poverty reduction in China (Oct–Nov 2000).

Consultant for Ministry of Science and Technology, China

As an international consultant, I was involved in evaluating project proposals on the impact of information technology on farming income and poverty in China (Oct 1999).

Consultant for ActionAid

As an international expert, I provided advice for ActionAid on starting up its operations in China. I was also involved in ActionAid's projects in Shandong and Hebei provinces (Oct 1998).

Consultant for UNDP

Led the project formulation mission on 10 micro-finance projects across eight provinces in China (Aug–Sept 1997).

Consultant for Winrock International

Acted as academic adviser for a capacity-building program for training leading agricultural economists and policy analysts in China (June–Aug 1997).

Visiting Professor

University of California at Davis. Supported by the Ford Foundation and UC Davis (Dec 1998–Jan 1999).

Guest Professor

China Center for Agricultural Policy, Beijing. Supported by the Ford Foundation. (Sept–Nov 1998)

Visiting Professor

Invited by the Graduate School of the Chinese Academy of Agricultural Sciences to teach development economics and research methodology (Oct–Dec 1996).

Visiting Professor

Beijing (Peking) University, (Sept–Oct 1996).

Project Leader

10/1995–1/1996

Invited by the Institute of Agricultural Economics of the Chinese Academy of Agricultural Sciences to work on the project: Government Intervention in Chinese Farming.

Visiting Fellow

11/1992–2/1993

Jointly sponsored by the Australian Academy of Social Sciences and Humanities and the Chinese Academy of Social Sciences, visited many institutions and travelled extensively in China. The focus was on regional development, rural industries and food supply and demand in China.

Project Leader

7/2000–12/2002

Demand for dairy products in China, funded by Dairy Research and Development Cooperation.

Project Leader

1/1992–12/1992

Worked on the project: Producer's behaviour under risk. Funded by the University of Sydney.

Resident Fellow

2/1987–12/1989 Robb College, University of New England.

Research Fellow

7/1982–/1984

College of Economics and Trade, Nanjing Agricultural University

Worked on projects: Development in rural cooperatives and rural financial institutions; the agricultural responsibility system.

Journal Referees for

International Economic Review (since 1992); European Economic Review; Journal of Comparative Economics (since 1994); Contemporary Economic Policy (since 1996); Journal of Productivity Analysis (since 1995); Applied Economics (since 1995); Agricultural Economics (since 1992); Journal of Agricultural Economics (since 1989); Australian Journal of Agricultural and Resource Economics (since 1992); American Journal of Agricultural Economics (since 2000); China Economic Review (since 2000);

Courses Taught

Review of Development Economics (since 2003); Review of Income and Wealth (since 2006); World Development (since 2006)

Applied Commodity Modelling, Production Economics, Business Management and Finance, Economic Forecasting, Decision Analysis, Statistics, Research Methodology, Applied Econometrics
